

The image features a white background with several thin, intersecting lines in teal, yellow, and magenta. The text 'COLOR OUTSIDE' is rendered in a bold, stylized font. Each letter is filled with a halftone dot pattern and has a 3D effect, with a teal shadow on the left and a yellow shadow on the right. The letters are outlined in magenta. The text is positioned in the lower half of the frame, with the lines crisscrossing behind and around it.

## HONORING

### *Judy Nyquist and Geraldina Wise*

*for their many colorful contributions  
to Houston's vitality and creativity*

As Co-Chairs of Buffalo Bayou Partnership's Public Art Committee, Judy and Geraldina were instrumental in the transformation of the Buffalo Bayou Park Cistern that has welcomed over 75,000 visitors since opening in 2016. Their vision led to the creation of an ambitious art program for the site, launched with the highly acclaimed *Rain: Magdalena Fernández at the Houston Cistern* co-presented with the Museum of Fine Arts, Houston. BBP then commissioned pioneering artist Carlos Cruz-Diez to create the immersive *Spatial Chrominterference* currently on view. Judy and Geraldina are also leading the organization's development of a robust public art program that will enhance the quality of life for Houstonians and visitors of all ages.
